Scenario:

- You just moved into a new city and want to get involved in the community but do not know how and where to start.

---

3 Tasks:

- Being able to contact the charity.
- Find charities near them.
- Successfully donating to the charity of their choosing.

Notes

2 Things to fix

- Have a tab for saved and history in the account settings tab.
- Have nearby charities in the main page, users were confused when trying to find it before finding it in the search page.

2 Things to keep

- The Charity Information page was easily understood, and they were able to contact the charity and find more about the charity easily.
- Charity donation page was clear and concise, and they had no problem understanding how to use it.
